

Code Locking Steel Key Cabinet - 60 Key

£89.99

Product Code: 001796

Overview

The TouchPoint key cabinet is a unique heavy-duty steel key cabinet / key box. Made from industry leading 16 gauge steel, this key storage cabinet is then powder coated throughout for additional durability and an exceptional finish.

This model has an easy-to-use Push button lock that combines convenience and security. The entry code can be changed as often as you like to over a thousand different combinations. The secure lock is a slimline fit TouchPoint lock, which does not limit space inside the cabinet. It is also fitted with a specialist clutch mechanism to protect from forced entry.

Numbered key tags with key rings and lock location chart are included.

Features

*Approximate Measurements

- This key cabinet can be used in large homes or in small/medium sized offices
- This model has an easy-to-use TouchPoint Pushbutton lock that combines convenience and security
- The entry code can be changed as often as you like to over a thousand different combinations.
- When programming your access code, we recommend that you NEVER use a birth year or other obvious combination code. A combination consisting of between 5 and 7 digits is recommended
