

First Aid Cabinet | Secure Key Lock

£150.00

Product Code: DG1KL

Overview

This cabinet allows safe storage of first aid and medical equipment and records in the home or workplace.

With a secure cam lock and tough dual walled door design, this cabinet keeps your supplies safe from unauthorised persons, whilst enabling quick access to first aiders in the event of injury or sickness.

Alongside proper risk assessments and record keeping, this first aid cabinet can help your company stay in line with RIDDOR and HSE guidelines. For more information, see the HSE Guidance on First Aid at Work

Features

- Secure cam lock
- Anti-pry dual wall lipped door mechanism
- Removable Shelf
- Internal fixing
