

## Key Locking Steel Key Cabinet - 30 Key

£48.00

Product Code: 001801

### Overview

The steel locking key cabinet is a unique heavy-duty steel key cabinet / key box. Made from industry leading 16 gauge steel, this key storage cabinet is then powder coated throughout for additional durability and an exceptional finish.

This model has a simple but effective cam lock, complete with two keys. This slimline lock does not limit space inside the unit, and is equipped with a specialist clutch mechanism that protects from forced entry.,

Numbered key tags with key rings and lock location chart are included.
