

Transmitter & Pressure Pad Set

£97.80

Product Code: VA-6000P

Overview

This is an optional extra transmitter and pressure sensor for the Voice Alert System. No tricky installation - use in conjunction with the Voice Alert. The Monitor Mat can be placed under person when seated/lying down, or on the floor, it then triggers the alarm when pressure changes. It can also alert others in the home that person is wandering.

Features

- Linked to the Voice Alert System (Product Code VA-6000S)
- Optional extra solution
- Wireless transmitter triggers the corresponding message in base unit
