

Plant & Machinery Slimline KeySafe

£42.46

Product Code: 001324

Overview

The Supra Auto-SUV Slimline KeySafe attaches securely to key operated machinery or vehicles and holds either 1 Mechanical Key Blade Ignition Key (NO KEY FOB), 2-3 yale keys or 1 chubb key (upto 3" long).

This method of storing machinery keys can be integrated with your risk assessment, health & safety and security policies, as well as being a secure way of limiting access to machinery to qualified individuals only.

This KeySafe is designed for use in conjunction with alarm systems, CCTV and other security measures. For high level security, you may wish to consider the C500 Police Accredited Key Safe Box
